MSU-Bozeman
Diabetes Coordinator for
Fort Belknap

Success is typically defined as the attainment of “things.” But success is much more than that. Success is achieving your vision or accomplishing your goals. Success is shaping your own destiny. I’m always thrown off by the label of “role model.” But I hope kids can look at me and what I have accomplished and think “if she can do it, I can do it.” And they would be right, if I can do it so can they.
