

## Background

The Elementary and Secondary Education Act, reauthorized in 2015 as the Every Student Succeeds Act (ESSA), was passed as a civil rights law to provide funding and resources to states, districts, and school leaders to enhance their capacity to meet the strengths and needs of educators and students in their community. Each Title program under ESSA has a specific purpose to provide focused resources to support students who are historically, or currently, marginalized and/or are experiencing barriers to an academically enriching curriculum in a safe and inclusive environment. The Federal Systems Team administers many of the grant programs under ESSA and partners with districts in the implementation and oversight of these programs.

## Why We Monitor

1. **Building Relationships – We're in this together.** The main objective for the Montana Office of Public Instruction (OPI) is to raise student achievement for Montana's public-school children. Through cooperative assessment of the federal programs between the OPI and Montana school districts the quality of services to students will be strengthened and improved.
2. **Technical Assistance – We're here to help.** The OPI Federal Programs team provides technical assistance during the review and beyond. It is not the OPI's intent to tell the district how to run its title programs, but rather to answer questions, facilitate dialogue, and exchange ideas and information for program improvement while, at the same time, meeting all federal requirements.
3. **Compliance – It's the law.** Monitoring federal programs helps ensure that all children have a fair, equal, and significant opportunity to obtain a high-quality education. Monitoring is intended to be a collaborative partnership between the OPI and districts to ensure compliance with the Every Student Succeeds Act (ESSA).

While accountability to federal requirements is important, the goal of monitoring is to provide technical assistance and support districts in their implementation of federal programs.

**Notice to all districts:** Due to the wide range of district and school parental notification forms, and the fact that many do not meet federal requirements, beginning with School Year (SY) 2021-22, [Parent Notices by Pathwise/TransACT](#) documents must be used. Those sections where Pathwise/TransACT forms must be used are identified within the Monitoring Tool. The Montana Office of Public Instruction (OPI) pays for a state subscription to Pathwise/TransACT for all Montana districts. ***Pathwise/TransACT Parent Notices must be completed with LEA contact information, updated annually, and made available/accessible to parents and families.***

For the purposes of monitoring all student names should be redacted from submitted documents. Provide documentation in multiple languages as applicable.

## Common Compliance Statewide Assessment *(Required for all districts)*

To ensure school districts meet the requirements under ESEA/ESSA Section 1111(b)(2) for implementing comparable, fair, valid and reliable assessment systems, the LEA must demonstrate compliance in [test administration](#), [test accessibility](#), [test security](#), [data use](#), and [test training](#) with items CC-H through CC-K. These requirements ensure statewide assessments are administered in a consistent and standardized way to measure student proficiency and progress on the State’s challenging academic standards over time and to address educational needs. *Updated 6/2026*

## Title I, Part A – Improving Basic Programs Operated by Local Educational Agencies

Title I-A provides federal dollars to supplement educational opportunities for students experiencing poverty and students who experience significant challenges meeting Montana's academic standards. Montana focuses monitoring for Title I-A on reviewing school-level Title I-A plans and procedures, and each school's process for communicating and partnering with parents and families.

## Participation of Children Enrolled in Private Schools *(Required for all districts)*

Districts that receive federal funds under ESEA and in which private schools are located must, after meaningful and timely consultation with private school officials, provide equitable services to eligible private school children, their families and educators. The focus of monitoring is on the district’s consultation and communication with private schools, as well as the programs provided in equitable service programs.

## Title II, Part A – Supporting Effective Instruction

The purpose of Title II-A is to strengthen the educator workforce at the school and district level as well as enhance the capacity of school and district leaders to meet identified strengths and needs of their teachers and leaders. Title II-A focuses on preparing, training, and recruiting high-quality teachers and school leaders. The focus of Title II-A monitoring is on the district’s implementation and evaluation of strategies to improve the practice of its educators. *Updated 6/2026*

## Title III – English Language Acquisition, Language Enhancement, and Academic Achievement Act *(Required for all districts)*

Title I-A and Title III-A provide federal dollars to supplement educational opportunities for students who have been identified as English Learners. English Learners fall under both Title I-A and Title III-A programs. Montana focuses monitoring for Title I-A and Title III-A on reviewing school-level plans and procedures for supporting English Learners, and each school’s process for communicating/partnering with parents and families of English Learners.

**Title I, Part A** – “The purpose of this title is to provide all children significant opportunity to receive a fair, equitable, and high-quality education, and to close educational achievement gaps.” (ESSA, Section 1001)

**Title III, Part A-English Language Acquisition, Language Enhancement, and Academic Achievement** – “The purpose of this subpart is (1) to help ensure that English learners, including immigrant children and youth, attain English proficiency and develop high levels of academic achievement in English; (2) to assist all English learners, including immigrant children and youth, to achieve at high levels in academic subjects so that all English learners can meet the same challenging State academic standards that all children are expected to meet; (3) to assist teachers (including preschool teachers), principals and other school leaders, State educational agencies, local educational agencies, and schools in establishing, implementing, and sustaining effective language instruction educational programs designed to assist in teaching English learners, including immigrant children and youth; (4) to assist teachers (including preschool teachers), principals and other school leaders, State educational agencies, and local educational agencies to develop and enhance their capacity to provide effective instructional programs designed to prepare English learners, including immigrant children and youth, to enter all-English instructional settings; and (5) to promote parental, family, and community participation in language instruction educational programs for the parents, families, and communities of English learners.” (ESSA, Sec. 3102)
